Teacher Mentorship

Manra Khan Mahto B.Ed. College has established a systematic and learner-centered Teacher Mentorship Programme to ensure the holistic development and well-being of every student-teacher. The programme provides a structured platform for sustained interaction between mentors and mentees, fostering trust, guidance and individualized support. Through regular mentoring, faculty members extend academic guidance, identify and address individual learning needs, monitor student progress, provide personal and professional counseling and encourage the development of essential competencies and teaching skills.

The programme strengthens student engagement, promotes a culture of care and inclusivity and empowers future teachers to become confident, competent, reflective and responsible professionals
